

Sr. Team:

Ralph Kaiser (OP7) has taken a posted job at a promotion in the Flavor Center. We would like to post this opening on Wednesday of this week.

Ralph was the Sensory Panel Coordinator for Cindy Hayes. Experience with statistics, desktop computing, good communication and interpersonal skills are a necessity. Research experience is preferred.

This desire to post on Wednesday was brought to my attention after our Sr. Team meeting on Monday (4/3). Since our intent is not to be a barrier, I feel this note satisfies my obligation to you. Thanks.

Cathy
